

SAFETY DATA SHEET

Section 1: Identification

PURE MAPLE SYRUP

Manufacturer's Name:

Bascom Maple Farms
56 Sugar House Road
Alstead, NH 03602

Emergency Telephone Number: **(603)835-6361**

Telephone Number for Information: **(888)266-6271**

Pure maple syrup is an all natural derivative of maple sap (acer saccharum). It is used as an ingredient or as a direct food.

Section 2: Hazard(s) Identification

Not considered hazardous.

This product is a well known ingredient in food and beverages and this SDS is concerned only with occupational exposures.

Section 3: Composition/Ingredient Information

~66% sucrose

~1% trace minerals

~33% water

Pure maple syrup is an all natural derivative of maple sap (acer saccharum).

Section 4: First Aid Measures

Inhaled: Not considered a potential route of exposure. However, if inhaled, remove affected person from contaminated area. Keep at rest until recovered. If symptoms develop and/or persist seek medical attention.

Ingestion: Unlikely to cause adverse effects. If ingested in large amounts and symptoms develop seek medical attention.

Skin: Wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.

Eye Contact: If in eyes, hold eyelids apart and flush the eyes continuously with running water. Remove contact lenses. Continue flushing for several minutes until all contaminants are washed out completely. If symptoms develop and/or persist seek medical attention.

Section 5: Fire-Fighting Measures

Maple syrup is not flammable.

Section 6: Accidental Release Measures

Dispose of waste according to applicable local and national regulations.

Section 7: Handling & Storage

Avoid handling techniques which are capable of producing and/or dispersing fugitive dust. Remove ignition sources.

SAFETY DATA SHEET

Section 8: Exposure Controls/Personal Protection	Generally not required.
Section 9: Physical/Chemical Properties	Relevant information: Liquid form and appearance, light to dark brown color, maple odor, boiling point 219F at sea level, water soluble, pH generally between 5 -7. Viscosity 150 - 200 cps. Not flammable.
Section 10: Stability & Reactivity	Stable under normal conditions of storage and handling. Hazardous polymerization will not occur.
Section 11: Toxicological Information	Non-toxic: a foodstuff Ingestion: No health effects under normal conditions of use. Maple syrup is not listed on the NTP Report on Carcinogens, or found to be a potential carcinogen by IARC or OSHA.
Section 12: Ecological Information	Non-toxic and biodegradable.
Section 13: Disposal Considerations	Whatever cannot be saved for recovery may be discarded as permitted by applicable regulations.
Section 14: Transport Information	Not applicable.
Section 15: Regulatory Information	Not ordinarily regulated.
Section 16: Other Information	None.
